• Treasurers Report

Will Bathurst

- Overall if all forecasts met, including projected Gift Aid receipt of 4K, the club should just about break even for the season.
- Club Subs running at 4.5k with 1.7k due from members who have played/netted and not yet paid subs. Breakdown is 30 paid Senior Men's, Senior Ladies 8 & Youth 48.
- Admin costs are increased due to card charges and Pitchero websites.
- 24 Allstars and 15 Dynamos have signed up. All time high for this.
- Overall the position is good especially when considering the bar income (450) to the sports committee.

• Nets Update

Dave Dunn

- Planning Application successful
- Old Nets to be taken down May 13th.
- Installation of new nets will take two weeks and then be ready to use two days after so at the beginning of June.

• COVID Compliance

Dave Dunn

- Going well. Track and Trace working.
- Hoping to be able to use club house by 21st but there are some issues of non compliance which we have to watch.

• General Club Update

Dave Dunn

- Ground force went very well and the work has resulted in the two grounds looking brilliant.
- Rolling with hire roller at Ampney has paid dividends and covers are in place there too
- WiFi installation grant is available. DWD has sorted an address and hopefully this will show in BT soon to be able to get a quote

• Bar Committee

Dave Dunn

- Bins sorted by Wayne
- Transaction charges the same for small purchases so having tabs does not solve issues. People are not paying so new process must be to leave a card behind the bar (they will be stored in the safe).
- New stock is going down well with the club and the bar is going well.

- **Playing Update**

Liam James, Jody Lawrence, Mark Leadbeater

- First Team youth going well and brought in first win, good availability
- 2s & 3s going well with 3s targeting 7/8 youth in each game. Leaders needs some help on umpiring etc on the day
- Training showing numbers of 25
- Saturday availability is good and so spilling those not selected into the Sunday.
- Ladies going well with good numbers. First game coming up and availability ok as well with a few away.
- Youth sides looking strong overall 30 in the U11s. Some new ones have come in but there are 5 coaches helping. 13s and 15s a bit shorter of players.

- **AOB**

Dave Dunn

- Play Cricket leagues need to be scored properly with 35% uploaded through the play-cricket app being an ECB target. We are at 29%.
- Could be worth investing in a club iPad or laptop.
- Other issue is 50% of club being Play Cricket registered members. Running at 57% at the moment.
- Insurance expired in March and hadn't been renewed as of today.
- Club Mark Accreditation needs to be sorted out still.
- New Parent offering sponsorship for a board at the ground.
- Still waiting for tenancy at Ampney but we have had match day fee waived due to improvements there.
- Hoping for June loosening to clone the Aston Ingham post match spirit. Maybe a couple of burgers one evening so need to work out a good date when the away teams are close.
- U19s tops have been ordered so hopefully here for first game at end May,
- Wayne has done superb job on the ground with Gramps in support.
- Questions raised on the camera in the pavilion. Dave to review legal position.
- Next committee meeting set for early June on a Tuesday due to training on other days. Possibly week after half term.
